Introduction

Oakland Community College (OCC), as the largest of Michigan's 28 community colleges, has been fortunate in experiencing very few serious crimes in the past and we strive to continue to provide a safe environment for all.

In 1990, Congress enacted the Crime Awareness and Campus Security Act which amended the Higher Education Act of 1965. This act required all post-secondary institutions participating in the Title IV student financial aid programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, and 2000. The 1998 amendments were renamed The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. Additional amendments were made in 2008 that took effect in 2010. Policy and category changes were made to include the Violence Against Women Act (VAWA) in the 2014 report.

The following information has been prepared to increase your awareness of the current programs available to assist you in protecting your safety and well being. This information is also in compliance with the Clery Act.

Department of Public Safety

The OCC Department of Public Safety (DPS) places the highest priority on the safety of students, faculty, staff, and visitors. To assure you of the best possible protection, the College employs highly trained, state-certified police officers.

We work in partnership with the campus community to provide the most professional, effective public safety services possible. This report is a part of our effort to meet that goal. This report will tell you more about us, the services we provide and be a tool you can use.

Organization

DPS is a multi-faceted function within the College community. Primarily to provide safety and security services, the College formally organized a bonafide law enforcement agency through Board action in July of 2002. This means that all officers are recognized by the state certifying agency as sworn police officers.

Organized under the Vice Chancellor of Administrative Services, each campus has its own contingent of Public Safety Officers (PSO), supervised by a Lieutenant.

In September of 2003, the College formalized the position of Manager, Environmental Health and Safety. This function reports to the Director of Public Safety.

DPS also has part-time non-sworn and sworn Officers. These personnel report to the Lieutenants. In 2010, the Director of Public Safety added the responsibilities of Risk Management for the College.

DEPARTMENT RESPONSIBILITIES

Law Enforcement

All PSO's are sworn officers that have full arrest capabilities. However, our focus is on service. This service orientation combined with extensive training provides a higher level of response during emergencies from the College's own public safety personnel.

BEHAVIORAL ASSESSMENT PROGRAM

In April 2009, the College implemented a comprehensive threat assessment program that reviews all concerns brought forward that involve students or College visitors. Anyone can bring forth a concern that will be reviewed by the Behavioral Assessment Review Team (BART). BART reviews inappropriate conduct, communication, data postings, criminal acts, etc. The primary goal of this program is the safety of all and to provide a consistent College-wide approach for at-risk behavior. The primary contacts for initiating this program are Public Safety personnel and Campus Deans.

ENVIRONMENTAL HEALTH AND SAFETY

This function is responsible for developing, implementing, and managing a comprehensive environmental, health and safety program and standards for all campuses/sites. These programs address environmental, health, and safety issues affecting students, employees, contractors, and visitors. Through these proactive measures, the college is expected to be in compliance with all applicable federal, state, and local laws and regulations. Crime Statistics

The process by which the annual disclosure of crime statistics occurs, include the statistics reported to OCC DPS and those pertinent to OCC from our neighboring law enforcement departments. Additionally, a request is made annually for campus security authorities to provide statistical information to include in the report. Annually, we contact the local police departments adjacent to our properties to request their appropriate crime statistics related to OCC properties. See Crimes by Campus Site for those qualifying statistics. Please review notes related to each local police department response below.

Sex Offender Registry

The “Campus Sex Crimes Prevention Act” is a federal law enacted on October 28, 2000 that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus. To register, contact the police agency in the community in which you live.

In the State of Michigan, convicted sex offenders are required to register their address with law enforcement. Updated sex offender information can be found on the Michigan Public Sex Offender Registry at www.mipsor.state.mi.us/psor_search.aspx.

Education of Members of the College Community

For students, campus security procedures are discussed during new student orientation. OCC DPS participates in these forums at all campuses and typically covers: crime prevention tips, how to contact Public Safety, and handouts are provided. The two primary handouts are the DPS pamphlet listing our services and contact information and the Student Safety and Emergency Guide. This document provides emergency response guidelines. We also offer seminars often through Student Life.

Various workshops are presented on safety, handling difficult people, and other security related topics for employees.

CLERY ACT PROCEDURES

Timely Warning

In the event that a situation arises, either on or off campus, that, in the judgment of the Director of Public Safety or designee, constitutes an ongoing or continuing threat, a “timely warning” notification will be issued. Various methods may be used to communicate with students, faculty, staff and visitors.

Depending on the particular circumstances, DPS may also post a notice on the web at: www.oaklandcc.edu/publicsafety/safetyalert.aspx. Anyone with information warranting a timely warning should report the circumstances to the Public Safety Office at extension 5555 from any College phone, (248) 858-4951 from any other phone or 911 in an emergency.

Immediate Notification

Upon confirming that there is an emergency or dangerous situation, Oakland Community College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. DPS will determine what communication must be distributed to whom and initiate notification.

OCC has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the OCC campus community. These methods of communication include the various methods allowed through OCC Emergency Alert (text, phone, and email), public address system, and fire alarms. The College may post and provide updates during a critical incident on the College website.

All students and employees are encouraged to sign up for OCC Emergency Alert and indicate which method(s) they wish to be notified. To sign up, simply go to the OCC homepage or InfoMart.

See Timely Warning and Emergency Response and Evacuation Procedures, for related information.

Reporting the Annual Disclosure of Crime Statistics

The DPS prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our website at www.oaklandcc.edu/publicsafety/docs/2015ClerySecurityReportWeb.pdf. This report is prepared in cooperation with the local law enforcement agencies surrounding our campuses and other non campus sites.

Campus crime, arrest and referral statistics include those reported to the OCC DPS and local law enforcement agencies per Clery Act procedures. Each year, notification is made to all enrolled students, faculty, and staff about the availability of this report.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

DPS personnel have received training in Incident Command and other emergency response issues. They are the designated first responders and may be augmented by other emergency services such as the local fire departments, police departments, EMS services, etc.

General information on evacuations and other emergency protocols can be obtained by reviewing the Emergency Protocols page on the Public Safety web site. Once there, you will find information on active shooter, College closing guidelines, emergency response and evacuation testing, and access the Student Safety Emergency Guide. Employees can obtain additional information on InfoMart. Additionally, evacuation and shelter areas are designated on maps at all campus locations.

DPS will follow this process for situation evaluation to determine if an event qualifies as an immediate threat:

- Public Safety personnel dispatched or come upon the scene
- Evaluation process begun to determine danger and threat level
 - Based on personal safety; decisions guided by informed personnel and accurate factual reporting
- Evaluation results reviewed with the PS Lieutenant/Director
- If appropriate, emergency notification communication begun

Upon confirming that there is a significant danger level and an immediate threat, DPS will determine what communication must be distributed and to whom, and initiate the notification. All students and employees are encouraged to sign up for OCC Emergency Alert and indicate which method(s) they wish to be notified. To sign up, simply go to the OCC homepage or InfoMart.

At least twice per year, DPS will test the emergency response and evacuation procedures and post the results at the PS web site: www.oaklandcc.edu/publicsafety/ep.aspx.

These procedures may include:

- Evacuation drill (minimum two per year)
- Sheltering drill
- Table top exercise
- Exercise

Each test will indicate whether it is announced or unannounced with a description of the exercise listing the date and time of occurrence.

Prompt Reporting of Criminal Offenses or an Emergency

All community members are encouraged to report all crimes, emergencies, and suspicious events, as soon as possible, to the Department of Public Safety. Contact us by dialing **911** in an emergency, extension **5555** from any College phone or **(248) 858-4951** from any other phone. Additionally, there are 119 hallway phones throughout the campuses that have 911 capabilities. Those personnel who OCC wishes to have contacted are: public safety officers or lieutenants.

Counseling and Reporting Procedures/Confidential Reporting

The College does not have procedures for voluntary, confidential reporting of crime. However, see Sexual Misconduct Guidelines beginning on page 37. Violations of the law will be referred to law enforcement and when appropriate, an Academic Dean for review.

The OCC DPS encourages anyone who is the victim or witness to any crime to promptly report the incident to DPS. Because these reports are public records under state law, they are subject to release and Freedom of Information Act requests.

Security and Access

During business hours, the College will be open to students, employees, contractors, guests, and invitees. During non business hours there is no access to College facilities. OCC DPS is available before and after these times. The College has no residential facilities.

Emergencies may necessitate changes or alterations to any posted schedules. Media outlets to be notified in emergencies are: FOX 2 News, WDIV 4, WXYZ 7, WWJ 950, and WJR 760. You may also consult with the College's website or call **(248) 341-2298**.

Campus Police Authority and Jurisdiction

OCC DPS has police authority to apprehend and arrest anyone involved in illegal acts. This authority comes from two actions, the OCC Board of Trustees resolution confirming police powers on July 15, 2002, and the Michigan Commission on Law Enforcement Standards recognition on October 4, 2002. If offenses involving College rules and regulations are committed, DPS may refer the individual to an Academic Dean.

The department primarily consists of sworn law enforcement personnel with full arrest powers. At some locations, there are security personnel with no arrest powers to augment staffing. The DPS works closely with local, state, and federal police agencies and have direct radio communication with all local police departments. There are currently no memorandum of understanding with these agencies.

The jurisdiction includes property that is owned, leased, or controlled by OCC. OCC DPS maintains close working relationships with all of our municipal law enforcement neighbors, including Auburn Hills Police Department, Bloomfield Hills Police Department, Farmington Hills Police Department, Royal Oak Police Department, Southfield Police Department, Oakland County Sheriff's Department, Waterford Township Police Department, the Michigan State Police and federal partners.

Security Awareness and Crime Prevention Programs

During orientation, students and employees are informed of services offered by DPS. Flyers are posted in all classrooms providing safety tips and the Public Safety website provides additional crime prevention suggestions.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

Information is also presented to students and employees through crime prevention awareness packets, security alert posters, and emergency response plans.

Should you become a witness or victim of a crime while on OCC property, contact DPS immediately.

Another program that informs students and employees about crime prevention is the Behavioral Assessment Review Program (BART). Anyone can complete a Concern Form to report any threat, behavior, or action that is either criminal or that could be construed as a potential threat. This form is available on the Public Safety website, under the Behavior Issues tab.

Criminal Activity Off-Campus

OCC DPS monitors all law enforcement agencies adjacent to our campuses/sites. Should DPS become aware of activity that may impact the College, the incident may be investigated. The College has no residential facilities or off-campus student organizations.

Policy 0.0.6 – Safe Work Environment

In accordance with ACT 26 of the Public Acts of 1970, the OCC Board of Trustees has adopted a policy prohibiting all persons from engaging or participating in unlawful, uncivilized, unsafe, or unacceptable behavior while in buildings or on grounds owned and/or controlled by OCC.

All persons shall be prohibited from acts endangering students, staff, faculty and the public. These acts shall include but not be limited to:

- Disruption
- Physical Abuse
- Theft
- Unauthorized entry
- Obscene or disorderly conduct
- Illegal use and/or possession of alcohol, drugs, or other contraband
- Failure to comply with College policy or public safety
- Obstruction of traffic
- Illegal use of or possession of firearms explosives or other weapons, etc.

The board of trustees directs the College administration to formulate appropriate rules and regulations to enact this policy and to ensure OCC students, staff, faculty and visitors that OCC places a high value on a safe and healthy environment.

0.0.5 PROCEDURE – Drug and Alcohol Abuse Free College

COLLEGE PENALTIES FOR VIOLATION OF BOARD OF TRUSTEES DRUG AND ALCOHOL ABUSE FREE COLLEGE POLICY

Any employee or student found to be in violation of the above prohibitions shall be subject to 1) disciplinary action, up to and including immediate discharge or dismissal; and/or 2) may be required to participate in a substance abuse assistance or rehabilitation program as a condition of continued employment or student status. Immediate discharge shall normally occur for violations involving the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance.

Furthermore, as a condition of continued employment, any employee who is convicted of any state or federal criminal statute, with respect to conduct occurring in the workplace, involving the manufacture, distribution, dispensation, use, or possession of any controlled substance shall provide written notification to the Chief Human Resources Officer of the conviction no later than five (5) days after such conviction. To the extent required by the Drug Free Workplace Act, the College also will notify the applicable federal grant or contract official of convictions so reported. Failure to timely report such conviction shall subject the employee to disciplinary action, up to and including immediate discharge. Any employee who is convicted as described above also may be subject to 1) disciplinary action, up to and including immediate discharge; and/or 2) may be required to participate in a substance abuse assistance or rehabilitation program as a condition of continued employment.

POTENTIAL LEGAL CONSEQUENCES

Violations of laws and ordinances relating to drugs and alcohol also may result in misdemeanor or felony convictions accompanied by the imposition of legal sanctions, which include, but are not limited to, the following:

- Fines as determined under local, state, or federal laws;
- Imprisonment, including up to life imprisonment, for possession or trafficking in drugs such as heroin and cocaine;
- Forfeiture of personal and real property;
- Denial of federal benefits such as grants, contracts and student loans;
- Loss of driving privileges;
- Required attendance at substance abuse education or treatment programs.

Federal Drug Sanctions

A full description of federal sanctions for drug felonies can be found at: www.dea.gov/druginfo/ftp3.shtml.

State Alcohol Sanctions

Under Michigan law, it is illegal for anyone under the age of 21 to purchase, consume or possess, or have any bodily content of alcohol. The following summarizes some of the potential legal consequences for violating state law.

- A first-time conviction may result in a fine, substance abuse education and treatment, community service and court-ordered drug screenings.
- There also is a provision for possible imprisonment or probation for a second or subsequent offense.
- The use of false identification by minors in obtaining alcohol is punishable with a fine, loss of driver's license, probation and community service.
- Individuals can be arrested and/or convicted of operating a vehicle while intoxicated with a blood alcohol concentration (BAC) level at .08 or higher. If a student is under 21, there is a "zero tolerance" law in the state of Michigan, and any blood alcohol level of .01 or higher can lead to a minor in possession (MIP) citation as well as being cited for operating a vehicle while intoxicated, if applicable. This is in addition to suspension of driving privileges in the state of Michigan.

Michigan Law Governing Medical Marijuana

The Michigan Medical Marijuana Act of 2008 (MMMA) permits qualified patients and their primary caregivers to use, possess and grow limited amounts of marijuana for treatment of certain debilitating medical conditions. However, the MMMA conflicts with federal criminal laws governing controlled substances, as well as federal laws requiring institutions receiving federal funds, by grant or contract, to maintain drug-free campuses and workplaces. The College receives federal funding that would be in jeopardy if those federal laws did not take precedence over state law. Thus, the use, possession or cultivation of marijuana in any form and for any purpose constitutes a violation of the Board of Trustees' Drug and Alcohol Abuse Free College Policy.

HEALTH RISKS ASSOCIATED WITH SUBSTANCE ABUSE

Considerable health risks are associated with the abuse of controlled substances. Substance abuse dramatically impairs employee and student performance, contributes to absenteeism, and presents safety risks for not only the abusing employee or student, but also to others within the College community. The following are general descriptions of some of the health risks associated with substance abuse.

ALCOHOL	Loss of concentration and judgment; slowed reflexes; disorientation leading to higher risk of accidents and problem behavior; risk of liver and heart damage, malnutrition, cancer and other illnesses; can be highly addictive to some persons.
AMPHETAMINES	Can cause rushed, careless behavior and pushing beyond your physical capacity, leading to exhaustion; tolerance increases rapidly; causes physical and psychological dependence; withdrawal can result in depression and suicide; continued high doses can cause heart problems, infections, malnutrition and death.
CANNABIS	Can cause permanent damage to lungs, reproductive organs and brain function; slows reflexes; increases forgetfulness; alters judgment of space and distance.
COCAINE	Causes damage to respiratory and immune systems; induces malnutrition, seizures and loss of brain function. Some forms (such as “crack”) are highly addictive.
HALLUCINOGENS (PCP, LSD, ecstasy)	Cause extreme distortions of what’s seen and heard; induces sudden changes in behavior, loss of concentration and memory; increases risk of birth defects in user’s children; overdose can cause psychosis, convulsions, coma and death. Frequent use can cause permanent loss of mental function.
INHALANTS (nitrous oxide, amyl nitrite, butyl nitrite, chlorohydrocarbons, hydrocarbons)	Cause nausea, dizziness, fatigue, slurred speech, hallucinations or delusions; may lead to rapid and irregular heart rhythms, heart failure and death; long-term use may result in loss of feeling, hearing and vision; can result in permanent damage to the brain, heart, lungs, liver and kidneys.
NARCOTICS (heroin, morphine, opium, codeine)	Highly addictive; tolerance increases rapidly; causes physical and psychological dependence; overdose can cause coma, convulsions, respiratory arrest and death; leads to malnutrition, infection and hepatitis. Sharing needles is a leading cause of the spread of HIV and hepatitis.
SEDATIVES	Tolerance increases rapidly; produces physical and psychological dependence; cause reduced reaction time and confusion; overdoses can cause coma, respiratory arrest, convulsions and death; withdrawal can be dangerous; in combination with other controlled substances can quickly cause coma and death.

The College will also annually disseminate an email including the Board of Trustees' Drug and Alcohol-Abuse Free College Policy and the above provisions of these procedures to all employees and students.

BIENNIAL REVIEW

The College shall conduct a biennial review of this Policy to: 1) determine its effectiveness and implement changes, if needed; and 2) determine the number of drug and alcohol-related violations and fatalities that (i) occur on campus or during College activities; and (ii) are reported to College officials.

Use of Alcoholic Beverages on College Premises

In order to enable the College to provide a complete and comprehensive course of instruction for food service students, the use of certain alcoholic beverages may be permitted when judged by the Administration to be appropriate, based on the aims and objectives of the Culinary Arts Program.

The College will secure all necessary licenses from the Liquor Control Commission and limit its application to the Culinary Arts Program on the Orchard Ridge Campus unless otherwise authorized by the Chancellor or the Chancellor's designee.

DISCLOSURE TO ALLEGED VICTIMS OF CRIMES OF VIOLENCE AND NON-FORCIBLE SEX OFFENSES

Sexual Misconduct Prohibition

Sexual misconduct will not be tolerated by Oakland Community College. The term “sexual misconduct” as used in this policy applies to any of the following acts: sexual assault as defined by Michigan law (including rape and acquaintance rape), stalking, dating violence, and domestic violence. The term also applies to retaliation taken in response to allegations made by a complainant or a reporter under this policy. Sexual misconduct violates OCC policy and federal and state law; it may also be subject to criminal prosecution. OCC is committed to fostering a community that promotes prompt reporting of all types of sexual misconduct and timely and fair resolution of sexual misconduct complaints. Creating a safe environment is the responsibility of all members of the College community; accordingly, the Title IX coordinator shall publish guidance to the College community consistent with this policy and as required by law.

A. Coordination with Non-Discrimination and Harassment Policies

OCC recognizes that harassment, discrimination and sexual misconduct may occur in conjunction with one another. When misconduct relates to several of these categories the College will coordinate investigation and resolution efforts.

B. Reporting Sexual Misconduct

1. Immediate Reporting

If you feel you have been victimized by an incident of sexual misconduct, immediately notify the Department of Public Safety (“DPS”) at extension 5555 from any college phone, (248) 858-4951 from any other phone, or dial 911. DPS will assist the complainant in notifying the proper authorities. If the offense occurs when the campus is closed, notify the local police department who will notify college officials. An incident of sexual misconduct should also be simultaneously reported to the College Title IX coordinator:

Title IX Coordinator
Oakland Community College
2480 Opdyke Road
Bloomfield Hills, MI 48304-2266
Phone: (248) 341-2200
Email: titleixcoordinator@oaklandcc.edu

The Title IX coordinator will investigate the report and take necessary measures to ensure community and complainant’s safety.

A person who believes they have experienced sexual misconduct has the right to refuse to report it. Nevertheless, the College strongly encourages the prompt reporting of instances of sexual misconduct. If any member of the community learns that another member of the community has been victimized by, or engaged in, sexual misconduct they should report that information immediately to the

Title IX coordinator so that the College can take appropriate steps to support that individual's well-being and enhance the safety and security of the community.

2. Confidentiality

If the complainant requests that his or her name not be disclosed to the respondent, or asks that the report of sexual misconduct not be pursued, the Title IX coordinator shall inform the complainant that honoring the request may limit the College's ability to respond fully to the incident, including pursuing disciplinary action against the respondent. If the complainant insists that his or her name not be disclosed to the respondent or that the College not investigate or seek action against the respondent, the Title IX coordinator shall determine whether the College can honor the complainant's request while still providing a safe environment for all students and employees, including the complainant. In considering a complainant's request for confidentiality that could preclude a meaningful investigation or potential discipline of the respondent, the Title IX coordinator should consider all relevant factors. If consideration of such factors results in a determination that the report must be investigated in order to provide a safe environment for all students and employees, the College may conduct an investigation and pursue disciplinary action, if appropriate, in a manner that discloses the student's identity to the respondent.

In accordance with federal law, OCC has designated certain employees who are responsible for student welfare as campus security authorities ("CSAs"). CSAs are required to share any report of rape, sexual assault, or sexual misconduct of which they become aware that involves any member of the college community—regardless of whether the person who committed the sexual misconduct was also a member of the OCC community – with the Title IX coordinator and with DPS. Therefore, a report to a CSA cannot, as a matter of law, be kept confidential.

3. Seeking Medical Attention and Preserving Evidence

The College encourages individuals who have experienced an incident of sexual misconduct to seek assistance from a medical provider as soon as possible after the incident. If an incident of sexual misconduct occurs, it is important to preserve evidence so that successful criminal prosecution remains an option. The victim of a sexual assault should not wash, shower or bathe, douche, brush teeth, comb hair, or change clothes prior to a medical exam or treatment. If a victim has removed the clothing he or she was wearing during the incident prior to seeking medical treatment, that clothing should be placed in a brown paper, not plastic, bag and brought to the hospital when treatment is sought. If the victim is still wearing the clothes that he or she was wearing during an incident of sexual misconduct, he or she should bring a change of clothes with him or her to the hospital so that the clothes containing possible evidence can be preserved and examined for evidence of the crime. Evidence of violence following an incident of sexual misconduct should be documented by taking a photograph. Evidence of stalking, including any communications such as written notes, email, voice mail, or other electronic communications sent by the perpetrator, should be saved and not altered in any way.

4. Third Party Reporting

Individuals are encouraged to report sexual misconduct as soon as possible in order to maximize the College's and/or law enforcement's ability to respond promptly and equitably. The College does not limit the timeframe for reporting an incident, and upon receipt of any report, regardless of when incident occurred, the College will conduct a Title IX assessment to determine if an investigation and/or any safety measures are necessary to maintain the complainant and community's safety.

C. College's Responsibilities

If you feel you are the victim sexual misconduct, OCC will:

1. Not release your name to the public or press.
2. Not pre-judge you and not blame you for what occurred, nor will it be suggested that you were contributively negligent or assumed the risk of being sexually assaulted.
3. Treat you and your particular case with courtesy, sensitivity, dignity, understanding and professionalism.
4. Make appropriate accommodations and protective measures to protect your safety, if possible.
5. Assist you in arranging for any hospital treatment or other medical needs.
6. Assist you in privately contacting counseling, public safety, advising and other available resources, including any options provided to you under state and federal law regarding mandatory testing of sexual assault suspects for communicable diseases and notification of the victim of the results of the testing.
7. Fully investigate your case, and help you achieve the best possible outcome. This may involve the arrest and full prosecution of the respondent. You will be kept up-to-date on the progress of the investigation and/or prosecution.
8. Continue to be available for you to answer questions, to explain the systems and processes involved (prosecutor, courts, etc.) and to be a listening ear if you wish.
9. Consider your case seriously regardless of your gender or the gender of the suspect.
10. Upon request, and regardless of whether a student or employee reports an incident of sexual misconduct, OCC will make any reasonably necessary change to a complainant's academic, living, transportation and working situation, as applicable.
11. Maintain as confidential any accommodations or protective measures we provide you with.
12. Provide you with written notice about existing health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for complainants.
13. Provide you with a written explanation of your rights and options

D. Interim Measures

Upon receipt of a report, the College will provide interim support and reasonable protective measures to prevent further acts of misconduct, and to provide a safe educational and work environment to the best of its ability. The College will determine the necessity and scope of any interim measures. Interim measures may include:

1. No Contact Order.

Any party involved in a Title IX investigation (complainant, respondent or witness) may request, or the College may impose, communication and contact restrictions to prevent further potentially harmful interaction. These communication and contact restrictions generally preclude in person, telephone, electronic or third party communications. In some cases, an individual may also wish to consider a Personal Protection Order from the local courts. This is a civil proceeding independent of the College. If a court order is issued the College will, to the extent possible, assist the protected person in benefiting from the restrictions imposed by the court and will also facilitate on campus compliance with the order. The College may also limit an individual or organization's access to certain College facilities or activities as part of the no contact order.

2. Academic, Employment or Residence Modifications.

Any party involved in a Title IX investigation (complainant or respondent or witness) may request an academic or employment accommodation after a report of sexual misconduct. An individual who requests assistance in changing their academic or living situation after an incident of sexual misconduct will receive appropriate and reasonably available accommodations. These may include:

- i. Academic accommodations, including a change in class schedule, dropping a course without penalty, attending a class via Skype or other alternative means, providing an academic tutor, or extending deadlines for assignments;
- ii. Change in work assignment or schedule;
- iii. Providing an escort to ensure safe movement between classes and activities.

3. Emotional Support.

The College will assist any member of the community by providing a referral to off campus mental health providers.

F. Primary Prevention and Awareness Programs

1. For all incoming students and new employees

All incoming students and new employees are provided with an orientation/training program opportunity on sexual misconduct. The training and orientation is designed to acclimate new students and employees to OCC's policy on sexual misconduct, and to provide awareness of sexual misconduct and bystander intervention techniques.

2. Ongoing Prevention and Awareness Programs

OCC provides programs addressing sexual misconduct and other related information to students, staff and the community at various times throughout the year. Notice of such programs will be provided in advance, and all members of the OCC community are welcome to attend.

G. Bystander Intervention

OCC expects all community members to take reasonable and prudent actions to prevent or stop an act of sexual misconduct. Taking action may include direct intervention (if it is safe to do so), calling law enforcement, or seeking assistance from a person in authority. Community members who choose to exercise this obligation will be supported by the College and protected from retaliation.

H. Protection from Retaliation and Assurance of Fair Treatment

The College will take appropriate steps to ensure that a person who in good faith reports, complains about, or participates in a sexual misconduct investigation will not be subjected to retaliation by the respondent or by others with knowledge of the underlying report. Anyone who believes they are experiencing retaliation is strongly encouraged to report that concern using the same procedure for reporting possible sexual misconduct under this Policy. A retaliation concern will be reviewed as a separate offense under this Policy; that is, a person can be found responsible for retaliation even if not found to be responsible for the underlying reported sexual misconduct. The College also will take appropriate steps to ensure that respondents accused of sexual misconduct or retaliation are treated fairly throughout the College's review.

PROCEDURES FOR INVESTIGATING INSTANCES OF SEXUAL MISCONDUCT

In the event of a report of sexual misconduct made by a person regarding an OCC student or employee, the College will investigate whether a student, employee or third party is responsible for sexual misconduct and what, if any, safety measures and/or disciplinary actions are appropriate in accordance with the procedures described below. This procedure covers sexual misconduct and retaliation in connection with reports of possible sexual misconduct.

A. Application

This procedure applies to sexual misconduct or retaliation committed by a College student, employee, or a third party if that sexual misconduct or retaliation occurs:

1. On campus, or
2. Off campus, if: a) in connection with a College or College-recognized program or activity; b) in a manner that poses an obvious and serious threat of harm to any member of the College community; or c) that may have the effect of creating a hostile educational environment for any member of the College community.

B. Timelines

The College will strive to complete its investigation and the sanction/remedy process, if applicable, and simultaneously share the results of those with complainant and respondent within sixty (60) calendar days after the Title IX coordinator receives a report of sexual misconduct. There are, however, factors beyond the control of the College that may affect the time needed to conduct a fair, reliable, impartial and prompt investigation of a report of sexual misconduct or retaliation including, but not limited to: (a) availability and cooperation of the complainant (if participating), respondent (if participating) and/or witnesses; (b) illness or injury of College employees conducting or participating in the investigation of the report or proceedings resulting from the report; and (c) weather or other acts of God that result in the College being closed.

The Title IX coordinator may extend the time for completing the investigation or the sanctions/remedy process for good cause.

C. The Investigation

The Title IX coordinator will receive all reports of sexual misconduct. The Title IX coordinator is not required to assign an investigator or otherwise investigate any report alleging facts that, if true, would not constitute a violation of the sexual misconduct policy. In all cases, the decision on whether, how, and the extent to which the College will conduct an investigation, and whether other measures will be taken in connection with any allegation of sexual misconduct or retaliation, rests with the Title IX coordinator.¹ If the Title IX coordinator decides upon review to investigate a report of sexual misconduct or retaliation, a report will be forwarded to an appropriate person of his or her choosing to conduct an investigation. Upon assignment of a complaint to an investigator, the Title IX coordinator and the investigator shall confer with respect to the investigation.

¹ In cases where the Jeanne Clery Act, 20 U.S.C. §1092(f), is implicated, and as required by law, DPS will conduct its own investigation.

The investigator will conduct an adequate, reliable, impartial and prompt investigation. In most cases, the investigator will meet separately with the complainant, respondent, and reporter (if applicable), and interview any witnesses identified by them. An audio and/or video recording may be made of an interview if appropriate under the circumstances. The investigator will also review other relevant information gathered during the investigation, including any police investigatory documents and student or personnel records that may be available. A different or less formal response to the report may be warranted depending upon the nature of the report and the circumstances involved.

At any time during the course of an investigation, the complainant, respondent, or a witness may provide a written or verbal statement or other supporting materials, or identify other potential witnesses. Either the complainant or the respondent may have an advisor accompany him or her at any meeting he or she attends relating to the investigation of the reported misconduct.

D. Standard of Proof

The investigator's findings will be made using the preponderance of the evidence standard. This standard requires that the information supporting a finding of responsibility be more convincing than the information in opposition to it. Under this standard, individuals are presumed not to have engaged in sexual misconduct or retaliation unless a preponderance of the evidence supports a finding that sexual misconduct or retaliation occurred.

E. Investigation Findings and Outcome Notification

The investigator will report his/her findings in writing to the Title IX coordinator or his or her designee at the conclusion of an investigation. The investigator's written findings will generally include:

1. A summary of the investigation;
2. The investigator's findings; and
3. A summary of the investigator's rationale in support of the findings.

If the findings conclude that the respondent engaged in sexual misconduct as defined in the policy, the report will be submitted to the appropriate administrator who shall decide what, if any, formal action is to be taken by the College in response to the misconduct. In cases involving a student as either complainant or respondent, the appropriate administrator is the vice chancellor of student services. In all other cases, the appropriate administrator is the cabinet officer of the unit in which the respondent is employed or otherwise associated. The complainant and respondent shall be notified of the appropriate administrator's decision in writing.

Formal disciplinary action against a respondent shall be taken in accordance with the applicable collective bargaining agreement or College policy. The administrator responsible for taking formal disciplinary action pursuant to the applicable collective bargaining agreement or College policy shall report the formal disciplinary action to the Title IX coordinator.

Upon receipt, the Title IX coordinator shall, in writing, simultaneously notify complainant and respondent of the investigator's findings, the sanctions imposed on respondent that directly relate to the complainant, the notice of appeal rights, and steps the College will take to remedy the effects and prevent recurrence of the misconduct, if any. The complainant will also be notified of any individual remedies offered or provided to the complainant but the respondent will not be notified of such individual remedies offered or provided to complainant.

F. Sanctions

If the findings conclude that the respondent engaged in sexual misconduct or retaliation as defined in this policy, the College may initiate a process designed to eliminate the misconduct, prevent its recurrence, and remedy its effects, while supporting the College's educational mission and Title IX obligations. Sanctions or interventions may also serve to promote safety or deter students from similar future behavior. Some behavior is so harmful to the complainant and/or the College community, or so deleterious to the educational process, that it may require more serious sanctions or interventions including, but not limited to, removal from specific courses or activities, suspension or expulsion from the College, or a prohibition from being present on College property.

G. Appeal

The complainant or respondent may appeal the appropriate administrator's decision. Written notice of appeal shall be filed with the Title IX coordinator within ten (10) calendar days of receipt of the appropriate administrator's decision. The notice of appeal shall specify why the appropriate administrator's decision should not stand. The complainant or the respondent may seek review only on one or more of the following specified grounds:

1. A material deviation from the procedures affected the outcome of the case;
2. There is new and relevant information that was unavailable at the time of the investigation that could affect the investigation findings;
3. The disciplinary action, sanctions, interventions and/or other remedies are inappropriate or disproportionate to the determined violation(s); or
4. A review of all available and relevant information indicates that a preponderance of the evidence does not support the findings and provides firm and definite support for modifying the original findings.

Upon receipt of a timely filed and properly specified notice of appeal, the Title IX coordinator shall confirm receipt and refer the notice of appeal to the appeal panel. The Title IX coordinator shall also notify the appellant regarding whether the appeal was timely and properly specified.

The appeal panel shall be composed of three persons designated by the chancellor. The appeal panel's decision should be made within twenty (20) calendar days of the date the notice of appeal is filed with the Title IX coordinator. These timelines are intended as

guidelines and may be extended by the appeal panel for reasonable cause. The appeal panel will review the matter based on the issues identified in the request for appeal. The appeal panel may affirm, modify or reverse the decision of the appropriate administrator, or remand the appeal to the Title IX coordinator for additional investigation. The appeal panel will issue its decision and make it available to the complainant (if participating), respondent (if participating) and Title IX coordinator in writing, simultaneously.

H. Student Rights and Expectations

Certain student protections and expectations pertain to the process for resolving student sexual misconduct and retaliation allegations. Complainants and respondents participating in this process may expect the following:

1. Respect for Privacy

Information regarding sexual misconduct and retaliation reports, and any investigation or review of those reports, including any sanction determinations, may be shared with College employees with a legitimate educational interest or with external individuals or entities on a need-to-know basis and only as permitted under College policy and applicable law.

2. Participation in Process

If a person declines to participate, the College may continue to investigate and/or proceed in the matter and issue findings/decisions based on available information. The complainant and the respondent shall be afforded equal opportunity to have others present.

3. Coordination with Legal Proceedings

Students may simultaneously engage criminal prosecution procedures and/or civil litigation in connection with the same behavior that forms the basis of a sexual misconduct report under this procedure. In such cases, the College is committed to appropriate coordination with the Public Safety Department and local law enforcement and may, if requested and appropriate, share information with those agencies. The College will fulfill its obligation to take immediate and appropriate action to investigate possible sexual misconduct even if there are other external processes or procedures pending in connection with that same sexual misconduct report. Similarly, if the College finds sexual misconduct has occurred, the College will take effective steps to end it, prevent its recurrence, and address its effect, as well as sanction the respondent regardless of what external proceedings may also be pending.

Standards for criminal investigations are different than the standards for a violation of this procedure, and therefore the College will not base its decisions under this procedure solely on law enforcement reports and/or actions. Accordingly, the College will not normally wait for the conclusion of a criminal investigation or other proceedings before implementing its review of reported sexual misconduct under this procedure.
